To Whom It May Concern:

I think it is terrible that Verizon doesn't even have the consideration that we the farming communities of the United States are the one who feed this country.

They want the best food possible and at the cheapest prices, but they want to kill the farming communities by not allowing them to have access to the latest and important information possible.

There is enough shit shows already, and when a sensible shows are available to deny them to the public.

Therefore I request the FCC throw this backward request out.

Sincerely,

Helen Schaefer

Dear FCC

re: Proceeding number 16-41

I am Sonja Harris, my email address is SONJA040282 @ AOL.COM, my address is 419 Ashland Street, Lake Charles, LA. ⁷⁰⁶⁰⁵ My phone number is 337-478-0474.

I watch RFD-TV on Satellite DirecTV. This is a very important channel to both my husband, David Harris, and I. It is such a good family channel and therefore we watch it consistently and enjoy it immensely. It is, it seems, constantly being

threatened of being cancelled. I
appeal to you to NOT let this happen.

Thank you so much for your
help in keeping our favorite
channel. When we signed up for
DirecTV our first concern was
RFD TV.

Sincerely

Sonja Harris

P.S. I do have a computer but it
wouldn't let me type on your
page, that is why this is hand
written.

To FCC. 16-41

Please keep RFD-TV from
being taken off of QV.

They have such good programs
on for us to watch such as
the Country music shows,
Rodeos, the train program,
farm tractors etc.

I fully support RFD-TV
I'm 83 years (young) and I
enjoy lots of the programs -

Hello-FOLKS OF R.F.D. station
we are writing you supporting
the R.F.D. station. That's our main
station we watch on T.V.
We would hate to see them.
Take it off the air would be a
Real Disappointment for us.
If they keep getting new shows
& not so many. & Run people
will really like it better.

Thanks Sincerely,

Dear FCC

16-41

I am writing this to you and asking you to help us viewers and all of R.F.D. This is our most important channel that we watch at our house. My early years was dairy farming. So I know how important R.F.D is to rural life and us that are up in years. There has to be a reason why people want to remove this station. There has been a gradual movement across our nation for years. When the government took over our education system they began by taking the bible out of our schools. Then they stopped prayer and ball teams from saying prayers. This has not stopped there. R.F.D has programs where people sing spiritual songs and give spiritual testimonies that I'm sure some people do not like. To fight against this is to fight against God. We all have to give an account unto the Lord. No exceptions!! I am hoping that this letter will help you people at FCC to fight for our needs by keeping R.F.D on the air. We thank you here at Almont Michigan

P.S. We watch R.F.D
on Dish T.V.

Most of our neighbors

Dear FCC, 1641

Why should people have to struggle to keep a decent TV network. RFD

For years I hoped for some decent wholesome entertainment.

The FCC should be thankful there is quality TV to broadcast. If I couldn't watch RFD + Bluehighways there would be little else to watch.

To make a long story short and all the difficulty we endured from AT&T. We still decided to drop AT&T.

My wife and I were subscribers on AT&T, back in 2014 when they carried RFD-TV. Then they cancelled RFD-TV and we dropped AT&T. Even though they charged us with a large early withdrawal fee.

We switched to DIRECT TV, as they offered RFD-TV on their programming list. We enjoy watching our favorite music shows on Friday & Saturday nights, as well as many other programs on RFD-TV.

We always look forward to viewing our MUSIC PROGRAMS every Friday & Saturday nights on RFD-TV. We support RFD-TV and their programming format. Listen to you subscribers. We know what we like and know what we want. Keep Rural programming ALIVE!!!

Sincerely

Cathy Faust
